CHAIN OF CUSTODY

We are part of the multinational Smurfit Kappa. This means our enterprise is part of a "Chain of Custody" system. The origin of all recycled and produced cardboard is traceable. This **guarantees** the use of **FSC cardboard!**

PREVENTION

No non-FSC cardboard enters our factory. Should this happen due to an error, the goods will be refused or returned. This is thanks to our advanced database that automatically indicates whether the cardboard come from a verified FSC source.

DELIVERY

We encourage suppliers to obtain an FSC certificate. Because when they have this certificate, we place orders with them!

TRAININGS

Each department within Smurfit Kappa Drogenbos has its own FSC procedures and associated training. Our staff is trained annually.

LABEL MANAGERS

There are three certified label managers within the company. The label managers have all passed the FSC exam (course + book).

100%

Our displays are made from 100% sustainable cardboard.
